

# KDSCREEN ECONOMY WASH

## Technical Data Sheet

### Description

Economy Screen Wash containing emulsifying agents.

Available in 5, 25 & 210 litre units.

### Use

For removal of ink prior to screen reclaiming.

KDSCREEN ECONOMY WASH is a newly developed Universal Screen Wash – good on price/performance, but high in content of aromatics.

### Application

Apply to both sides of the mesh using a brush until the ink has dissolved. Note, if applied to thicker ink layers leave on for a few minutes to help the removal of ink.

After dissolving ink residues both ink and solvent can be removed using water.

Initially rinse chemicals off screen using mains water and then use high pressure.

### Shelf Life/Storage

This product should be stored at temperatures between 0-30°C, which will give a shelf life of up to 2 years.

If stored under freezing conditions below -10°C, product may separate so bring into room temperature and agitate before use.

### Precautions

#### **Harmful – Flammable.**

Irritating to respiratory system. Repeated exposure may cause skin dryness or cracking. The product contains components which may penetrate skin. Vapours may cause drowsiness and dizziness. Frequent inhalation of even small concentrations may cause irritability, fatigue and memory failure. The product contains a substance which is hazardous to aquatic organisms and which may cause long term adverse effects in the aquatic environment.

*In the interest of health and safety always wear appropriate protective clothing.  
Read Safety Data Sheet for full protection information.*
