

KDSCREEN SCREENSOLVE AF

Technical Data Sheet

Description

Low odour Screen Cleaner without emulsifying agents. Contains no Aromatic Hydrocarbons.

Low evaporation minimises volatiles in the work area and reduces consumption.

Available in 5, 25 & 210 litre units.

Use

As cleaner to remove ink from stencils during print runs or to remove ink where screens or stencils have to be reused.

Application

As general purpose cleaner – if used manually, apply to both sides of the screen to make sure that all ink is dissolved and finish both sides by wiping with a dry cloth.

If used in cleaning machines, do not apply water afterwards, but leave screens to dry or wipe manually with dry cloth.

Shelf Life/Storage

This product should be stored at temperatures between 0-30°C, which give a shelf-life up to 2 years.

If stored under freezing conditions below -10°C, product may separate so bring into room temperature and agitate before use.

In the interest of health and safety always wear appropriate protective clothing.

Read Safety Data Sheet for full protection information.
