

# **KDSCREEN TEXWASH**

## **Technical Data Sheet**

### **Description**

Textile Screen Wash containing emulsifying agents. Especially good for cleaning Plastisol inks.

Low evaporation minimises volatiles in the work area and reduces consumption.

Available in 5, 25 & 210 litre units.

### **Use**

For removal of ink prior to screen reclaiming.

### **Applications**

Apply to both sides of the mesh using a brush until ink has dissolved. Note, if applied to thicker ink layers, leave on for a few minutes to help the removal of ink.

After dissolving ink residues, both ink and solvent can be removed using water.

Initially rinse chemicals off screen with mains water and then use high pressure.

### **Shelf life**

Min. 1-2 years if stored at 0-30°C.

### **Precautions**

Use Protection gloves and safety goggles.

Do not breathe vapour or spray.

*In the interest of health and safety always wear appropriate protective clothing.*

*Read Safety Data Sheet for full protection information.*
